AI OCR Accuracy
Zero manual purchase data entry

0 Mins
Customer Wait Time
Automated slot booking engine

Rs 499
Disruptor Pricing
Full Pro ERP vs legacy Rs 30k/yr

The Market Challenge We Solve

* Fragmented Chaos: Typical retailers juggle 3 to 5 separate tools (POS, accounting, WhatsApp reminders, booking).
* 3+ Hours Wasted Daily: Manual data entry of supplier bills, barcode labeling, and calculating employee commissions.
* Lost Customers & Long Queues: Walk-in bottlenecks, crowded waiting lobbies, and no digital repeat-visit incentives.
* Outdated Desktop Software: Legacy desktop software locks data to one PC, crashes often, and lacks mobile access.

The ZionaPOS Cloud Advantage

1. 100% Cloud Serverless: Access from any device (Phone, Tablet, Laptop, Touch POS) with instant multi-branch sync.
2. Multimodal Gemini AI OCR: Snap a photo of any purchase bill; items, prices, batches & taxes inward in 2 seconds.
3. Zero-Wait Customer Booking Portal: Dedicated branded link (zionapos.store/book/[slug]) with PWA home screen install.
4. Official WhatsApp 2-Way Bot: Automated customer balance inquiries (DUES), instant PDF bills, and UPI pay links.
5. 9 Turnkey Industry Verticals: Pre-configured workflows for Retail, Restaurant, Garage, Pharma, Apparel, Salon & more.

4 Core Technological Pillars Driving Business ROI

Proprietary automation built into every tenant to cut operational costs by over 40%

PILLAR 1

Gemini Vision AI Purchase Bill Scanner

Impact: Saves 15+ Hours of Weekly Manual Data Entry

* Multimodal OCR reads physical paper bills or PDF invoices with 99.4% accuracy.
* Automatically captures Supplier Name, GSTIN, Invoice Date, Line Items, HSN, MRP, and Buy Rates.
* Recognizes pharmaceutical batch numbers, expiry dates, and 15-digit mobile IMEI numbers.
* Direct 1-click inwarding into live warehouse stock, updating cost of goods and margin metrics.

PILLAR 2

Zero-Wait Multi-Tenant Customer Booking Portal

Impact: Eliminates Waiting Room Churn & Multiplies Repeat Bookings

* Every store receives a custom public booking link: https://www.zionapos.store/book/[slug].
* Collision-free scheduling engine prevents overlapping appointments across technicians.
* Smartphone PWA Shortcut: Prompts customers to 'Add to Home Screen' like a native iOS/Android app.
* 1-Tap Re-Book Usual Services: Repeat visitors re-book their preferred stylist and services in 5 seconds.
* Printable Reception Tabletop Standee: QR standee modal with 1-click direct WhatsApp link share.

PILLAR 3

Two-Way Interactive Meta WhatsApp Bot

Impact: 24/7 Automated Customer Self-Service & Payment Collection

* Official Meta Cloud API webhook with cryptographic signature verification.
* Real-time keywords: Customers message 'DUES' for balance, 'BILL' for PDF invoice, 'PAY' for UPI link.
* Automated payment reminders with embedded dynamic UPI payment links reduce overdue credit by 65%.
* Instant payment receipts and appointment confirmation vouchers dispatched straight to WhatsApp.

PILLAR 4

Dynamic NPCI BharatQR UPI & Statutory GST Engine

Impact: Zero Payment Terminal Fees (0% MDR) & 100% Tax Accuracy

* Dynamic NPCI BharatQR generated on thermal bills with exact invoice paise amount encoded.
* Customers scan and pay directly via GPay, PhonePe, Paytm; cashiers never have to type amounts.
* Native Indian GST Engine: Automatic CGST + SGST vs IGST detection based on Place of Supply.
* 1-Click statutory GSTR-1 and GSTR-3B tax summaries ready for direct government portal filing.

Industry Solutions Matrix -- Part 1: Retail & Distribution

Dedicated workflows engineered for Supermarkets, Restaurants, Garages & Distributors

Retail & Supermarkets

High-Speed Billing * Weighing Scale EAN-13 * Dual Pole Display

Business Value: Checkouts 3x faster with zero cashier calculation errors

* Sub-second barcode scanning for FMCG, packaged goods, and private labels.
* Auto-decodes price/weight embedded 13-digit weighing scale barcodes.
* Real-time websocket customer pole display stream for complete transparency.
* Shift cash drawer float management and daily cash reconciliation audit.

Restaurants, Cafes & Cloud Kitchens

Contactless QR Ordering * Floor Table Map * KOT Station Routing

Business Value: Boosts table turnover by 28% and cuts food waste via BOM tracking

* Contactless digital menu & ordering via table QR codes (No app install needed).
* Visual floor table plan across Dining Halls, AC Cabins, and Rooftop Lounges.
* Real-time Kitchen Order Ticket (KOT) firing to kitchen cook stations.
* Recipe Bill of Materials (BOM) automatically depletes raw ingredients on order.

Automobile Workshops & Garages

Vehicle Registry * Multi-Stage Job Cards * Hybrid SAC/HSN Billing

Business Value: Doubles technician productivity and automates vehicle service history

* Vehicle master registry tracking license plate, chassis, mileage, and fuel.
* Digital Job Cards: Inspection -> In Progress -> Quality Check -> Ready for Delivery.
* Seamless hybrid billing: Combines Labour (SAC 9987 @ 18%) + Spare Parts (HSN 8708 @ 28%).
* Service history timeline, gate pass printing, and authorized delivery sign-off.

Wholesale FMCG & Multi-Warehouse Distribution

AI Bill Inwarding * Inter-Depot Transfers * Dual Packaging Units

Business Value: Complete multi-branch inventory visibility with zero stock shrinkage

* Bulk AI purchase inwarding directly to central warehouse depot.
* Multi-warehouse transfer engine with in-transit audit to regional vans/depots.
* Dual packaging units: Bill seamlessly in PCS, BOX, or CASE with ratio conversion.
* Multi-tier customer price lists (Tier-1 Wholesale, Super-Stockist, Retail Trader).

Industry Solutions Matrix -- Part 2: Specialized Verticals

Tailored compliance & operations for Healthcare, Fashion, Mobiles, and Wellness

Pharmacy & Healthcare Centers

Batch Expiry Quarantine * Schedule H/H1 Drugs * Doctor Master

Business Value: 100% Drug Controller statutory compliance; zero expired stock losses

* 30/60/90 day near-expiry live dashboard alerts prevent billing expired drugs.
* Statutory Schedule H & H1 dispensing audit register with prescribing doctor tracking.
* Doctor Master with automated state medical council registration autocomplete.
* Mandatory Forms 20B & 21B drug licenses automatically printed on statutory bills.

Textiles, Fashion & Apparel Stores

2D Size-Color Matrix * Barcode Hang-Tags * Fabric Meter Cuts

Business Value: Streamlines 10,000+ fashion SKUs with single-click matrix generation

* 2D Size-Color-Fit matrix generator produces hundreds of SKUs in seconds.
* Parent-child barcode generator for printing standard garment hang-tags.
* Fractional fabric meter cuts: Deduct 2.75 meters directly from fabric roll stock.
* Native support for 5% vs 12% apparel GST thresholds and customer exchanges.

Electronics & Mobile Showrooms

Dual 15-Digit IMEI * Instant Warranty Lookup * Brand EMI Schemes

Business Value: Prevents warranty fraud and boosts high-ticket conversions with EMI

* Strict dual 15-digit IMEI inwarding and POS billing for smartphones & tablets.
* 1-Second instant warranty lookup by IMEI/serial number across past purchases.
* Split financing across consumer EMI partners (Bajaj, HDFC, PineLabs) & down-payment.
* Trade-in valuation engine generates instant credit vouchers for old used gadgets.

Salon, Spa & Aesthetic Centers (World-Standard Experience)

Zero-Wait Booking * PWA Smartphone App * Stylist Commissions

Business Value: Eliminates waiting room crowding and increases client retention by 45%

* Self-Booking Zero-Wait Portal: Customers book slots online (zionapos.store/book/[slug]).
* Smartphone PWA Shortcut: 1-Tap 'Add to Home Screen' and instant repeat service re-booking.
* Printable Reception Tabletop Standee: QR standee modal with 1-click WhatsApp share.
* Floor Chair Live Matrix, Token Lounge, and automatic stylist commission leaderboard.
* Backbar Consumables Auto-Depletion: Shampoos and serums deduct on service completion.
