Security Architecture: All 9 demo environments are isolated tenants. Catalog items, taxes, customers, and reports are strictly scoped.

Quick Testing Guide (Part 1: Verticals 1 to 5)

Step-by-step feature inspection for Retail, Restaurant, Garage, Distribution & Pharmacy

1. Retail & Supermarket POS (retail.demo@zionapos.com)

- Log in and navigate to POS Counter / Sales.
- Scan or enter barcode '890103000001' (Basmati Rice) or '890103000002' (Cow Milk).
- Test Cash Drawer float check and change tender calculations.
- Test Weighing Scale EAN-13 barcode decoding and dual Customer Pole Display.
- Print invoice: Verify standard A4 tax invoice or 80mm thermal receipt.

2. Restaurant & Cafe (restaurant.demo@zionapos.com)

- Navigate to Restaurant Tables floor view (Main Hall, AC Dining, Rooftop).
- Click table 'T-01' or 'AC-1', add 'Special Malabar Dum Biryani' and fire KOT.
- Verify Recipe BOM: Raw Chicken & Basmati Rice stock automatically de-increments.
- Test table billing, bill splitting, and settlement to dynamic UPI QR / Cash.

3. Automobile Workshop & Garage (garage.demo@zionapos.com)

- Open Job Cards menu: Inspect active job card 'JC-2026-0001'.
- Check linked vehicle 'KL-07-CB-5544' (Rahul Menon / Hyundai Creta).
- Verify hybrid line items: SAC 998714 Labour Service + Spare Parts with HSN 8708.
- Convert Job Card to Final GST Tax Invoice and verify statutory breakdown.

4. Wholesale FMCG & Distribution (distribution.demo@zionapos.com)

- Open Multi-Warehouse manager: Check 'WH-CENTRAL', 'WH-NORTH', and 'VAN-01'.
- Create a Stock Transfer from Central Depot to Mobile Van Unit.
- Select FMCG items with Dual Packaging (e.g., Sunflower Oil: 1 BOX = 12 PCS).
- View customer 'Arogya Super Bazaar' and test Tier-1 wholesale discount price list.

5. Pharmacy & Healthcare (pharma.demo@zionapos.com)

- Open Products / Medicines: View 'Paracetamol 650mg' and 'Amoxicillin 625mg'.
- Inspect Batches: Batch 'PCM-2026-A1' (Fresh) vs 'PCM-2025-E8' (Near Expiry alert).
- Test Schedule H & H1 Drug Dispensing Register with Doctor Registration autocomplete.
- Verify Forms 20B and 21B drug licenses printed on statutory sales bills.

Quick Testing Guide (Part 2: Verticals 6 to 9)

Step-by-step feature inspection for Services, Apparel, Electronics & Salon/Spa

6. Professional Services & Consulting (services.demo@zionapos.com)

- Bill consulting hours using SAC 998313 (Enterprise Cloud Architecture).
- Create Annual Maintenance Contract (AMC) billing under SAC 998717.
- View Corporate Khata ledger for 'Apex Global Logistics Pvt Ltd'.
- Verify credit limit controls and GST inter-state (IGST) vs intra-state calculations.

7. Textiles & Apparel Store (apparel.demo@zionapos.com)

- Log in and view catalog: 'Raymond Cotton Shirt (Size 40)' & 'Levi's 511 Denims (32)'.
- Test Size-Color-Fit Grid Matrix and parent-child SKU barcode label generator.
- Test Fabric Meter Cut Deduction: Select 'Pure Irish Linen Suiting' and bill 2.5 MTR.
- Verify standard 12% apparel GST slab and garment hang-tag label printing.

8. Electronics & Mobile Store (electronics.demo@zionapos.com)

- Search or scan 'Apple iPhone 16 Pro 128GB' or 'Samsung Galaxy S24 Ultra'.
- Test 15-digit dual IMEI tracking on checkout: Enter/scan IMEI-1 and IMEI-2.
- Perform instant warranty & service lookup directly by phone IMEI / laptop serial number.
- Test consumer brand EMI scheme billing and Old Gadget Trade-in valuation voucher.

9. Salon, Spa & Wellness Center (salon.demo@zionapos.com)

- Open Services Catalog: 'Signature Haircut', 'Keratin Hair Spa', and 'Hydra-Facial'.
- Allocate service to Stylist / Therapist and verify automatic commission split calculation.
- Test Backbar Consumables Auto-Depletion: Consumables deduct automatically upon checkout.
- Bill retail product (Moroccanoil 100ml) alongside aesthetic services on a single GST bill.

Cross-Industry Architecture & Multi-Tenant Highlights

• Logical Tenant Isolation: Every business has strictly partitioned data, users, and warehouses.

• Automated Indian GST Engine: Intra-State (CGST+SGST) vs Inter-State (IGST), B2B vs B2C, HSN/SAC.

• Dynamic NPCI UPI QR: Real-time BharatQR / UPI string encoded with exact invoice paise.

• Universal Hardware Compatibility: Thermal 80mm/58mm POS, weighing scale barcodes, pole display, A4.
