Platform Security Architecture: Fully isolated multi-tenant database. Catalog items, taxes, customers, and reports are strictly partitioned.

ZionaPOS Cloud ERP • A Product of ZaayaSoft (https://zaayasoft.com) • Live Demo: https://www.zionapos.store

Industry Feature Guide -- Part 1: Verticals 1 to 3

Retail Supermarkets, Restaurants/Cafes, and Automobile Garages

1. Retail & Supermarket (retail.demo@zaayasoft.com)

AI Bill Inwarding * Scale EAN-13 * Customer Pole Display * Cash Float Shifts

[AI OCR] Multimodal Gemini Bill Scan: Upload supplier PDF/JPEG bill to auto-extract and items, tax, buy rates.

[SCALES] EAN-13 Weighing Scale Barcode Reader: Parse weight and price from 13-digit scale sticker barcodes automatically.

[DISPLAY] Dual-Screen Customer Pole Display: Broadcast real-time running basket totals & UPI QR on second monitor.

[CASH] Shift Float & Cash Drawer Reconciliations: Track opening float, mid-day cash and dropouts, blind Z-Report closing.

[OFFLINE] Resilient Offline Sync PWA: Keep ringing sales during internet disruptions; queue and sync on reconnection.

2. Restaurant, Cafe & Bakery (restaurant.demo@zaayasoft.com)

QR Table Dine-In * Multi-Kitchen KOT * Recipe BOM Depletion * Bill Split

[QR ORDER] Contactless Tabletop QR Ordering: Diners scan table QR to browse visual menu digital and order.

[KOT] Split Kitchen Order Tickets: Auto-route food items to Kitchen Printer and to Bar beverages Counter printer.

[RECIPE] Recipe Bill-of-Materials Depletion: Automatically deduct raw inventory flour, (cheese, oil) when dish is sold.

[SPLIT] Bill Splitting & Merging: Split bill equally by seat or itemize checks across multiple payment methods.

[DINE-IN] Floor Plan Matrix: Color-coded dining tables (Available, Seated, KOT Fired, Billed) with timer alerts.

3. Automobile & Garage Workshop (garage.demo@zaayasoft.com)

Customer Vehicle Master * Digital Job Cards * Hybrid SAC/HSN * Gate Pass

[VEHICLES] Vehicle Master by License Plate: Track VIN, engine number, make, model, fuel type, and mileage history.

[JOB CARD] Digital Job Cards (/garage): Technicians record customer complaints, and bay inspector remarks, assignments.

[HYBRID] Combined Spares & Labour Billing: Single bill with SAC 9987 (18% GST labour) and HSN 8708 (28% GST spare parts).

[GATE PASS] Printed Gate Pass & Road Test Sign-off: Generate security gate-pass upon invoice settlement.

[SERVICE] Next Service Due Reminders: Automated odometer and calendar service reminder queue for oil change and tune-up.

Industry Feature Guide -- Part 2: Verticals 4 to 6

Wholesale FMCG, Retail Pharmacy & Healthcare, and Professional Services

4. Wholesale, FMCG & Distribution (distribution.demo@zaayasoft.com)

Depot Transfers * Dual Packaging Units (PCS/BOX) * Tiered Wholesale Rates * E-Way Bill

[TRANSFERS] Inter-Depot Stock Transfers: Rule 55 GST Delivery Challan generator with vehicle number and driver details.

[DUAL UNIT] Dual Packaging Conversions: Sell in Boxes or atomic Pieces with automated inventory multiplication.

[TIERED] Tiered Wholesale Price Lists: Set custom pricing structures for Wholesalers, Super-Stockists, and Retailers.

[E-WAY] E-Way Bill Rule 138 Compliance: Auto-calculate distance in KM and generate bill E-Way consignment data.

[LEDGER] Party Khata & Aging Breakdown: 30/60/90 days overdue aging report with payment WhatsApp links.

5. Pharmacy & Healthcare Store (pharma.demo@zaayasoft.com)

Batch Expiry Monitor (30/60/90d) * Schedule H/H1 Register * Doctor Master * 20B/21B

[EXPIRY] Near-Expiry Return Monitor: Proactive audit view highlighting batches expiring in 30, 60, or 90 days.

[SCHEDULE H] Statutory Schedule H & H1 Register: Govt audit log capturing Patient Name, Doctor Reg No, and Batch No.

[DOCTOR] Prescribing Doctor Directory: Auto-complete doctor names, medical and clinic registrations, addresses.

[LICENSES] Form 20B & 21B License Printing: Drug licenses stamped onto invoices for drug inspector compliance.

[RESTRICTED] Habit-Forming & Narcotic Safeguards: Mandatory prescription validation alerts before bill finalization.

6. Professional Services & Consulting (services.demo@zaayasoft.com)

SAC 9983 Consulting * Milestone AMC Contracts * Khata Outstanding * Inter-State Tax

[SAC] Pure Service Billing SAC 9983/9984: Zero physical inventory constraints; purely service-based line items.

[AMC] Retainer & Milestone Contracts: Generate recurring quarterly / annual service retainer billing.

[KHATA] Client Receivables Ledger: Statement of accounts with downloadable customer in statements A4 PDF.

[IGST] Inter-State Tax Engine: Automatic IGST applied when client state code differs from service provider.

[TDS] Statutory TDS Declarations: Section 194J TDS notes printed on commercial tax invoices.

Industry Feature Guide -- Part 3: Verticals 7 to 9

Textiles & Apparel, Electronics & Mobile Stores, and World-Standard Salon & Spa

7. Textiles & Apparel Store (apparel.demo@zaayasoft.com)

2D Size-Color Matrix * Barcode Hang-Tags * Fabric Meter Cuts * 12% GST

[MATRIX] 2D Size-Color-Fit Matrix: Auto-generate SKU combinations across sizes & colors (S/M/L/XL) with 1 click.

[TAGS] Parent-Child Barcode Generator: Print Code128 / EAN garment hang-tags with MRP, Size, Color, and HSN.

[FABRIC] Fabric Meter Cut Stock Deduction: Deduct fractional lengths (e.g. 2.75 meters) directly from fabric roll bolts.

[SLABS] Apparel Statutory GST Slab: Native compliance for 5% vs 12% GST apparel and HSN thresholds 50-63.

[RETURNS] Garment Exchange & Credit Note: Quick customer size exchange workflow with credit note issuance.

8. Electronics & Mobile Store (electronics.demo@zaayasoft.com)

Dual 15-Digit IMEI * Warranty History * Brand EMI * Trade-In Vouchers

[IMEI] Dual 15-Digit IMEI Tracking: Inward and bill phones with mandatory IMEI-1 & IMEI-2 serial capture.

[WARRANTY] 1-Second Instant Warranty Lookup: Search customer invoice, purchase date & brand warranty by IMEI number.

[FINANCE] Consumer Brand EMI Schemes: Split payment into financing partners (Bajaj, and HDFC, PineLabs) down-payment.

[EXCHANGE] Old Gadget Trade-In Vouchers: Evaluate used phones/laptops and generate instant trade-in credit vouchers.

[SERIAL] Serial Number Tracking for IT Hardware: Serialized warranty tracking for GPUs, Laptops, TVs, and Printers.

9. Salon, Spa & Wellness Center (salon.demo@zaayasoft.com)

Zero-Wait Self-Booking * Smartphone PWA Shortcut * Standee QR * Stylist Commissions

[SELF-BOOK] Zero-Wait Customer Booking Portal: Live slot calendar at /book/demo-salon (collision-free 30m slots).

[PWA] Smartphone PWA 'Add to Home Screen': 1-tap browser install prompt and instant '1-Tap Re-Book Usual Services'.

[STAND-QR] Reception Standee QR & WhatsApp Share: Printable tabletop QR standee modal with 1-click WhatsApp link share.

[CHAIRS] Floor Chair Live Matrix & Token Lounge: Visual chairs, walk-in token lounge, and 1-click POS billing bridge.

[COMMISSIONS] Stylist Commissions & Leaderboard: Automated service commissions, tips, and live stylist performance boards.

[CONSUMABLES] Backbar Consumables Auto-Depletion: Salon shampoos & facial serums deduct automatically upon service billing.

Industry Feature Guide -- Part 4: Vertical 10

Clinical Diagnostic Laboratory & Pathology Information System (LIMS)

10. Clinical Diagnostic Laboratory & Pathology LIMS (lab.demo@zaayasoft.com)

Phlebotomy Queue * Vacutainer Tube Barcodes * Age/Gender Ranges * Auto-Formulas * NABL Reports

[ACCESSION] Phlebotomy & Sample Accession Queue (/lab/queue): Real-time tracking of all biological specimens through lifecycle stages: SAMPLE_PENDING -> SAMPLE_COLLECTED -> IN_TESTING -> RESULTS_ENTERED -> VERIFIED.

[BARCODE] Thermal Vacutainer Barcode Label Generator: Generates unique specimen (e.g. x barcodes SMP-849201) and prints 38mm 25mm (2"x1") thermal stickers directly for EDTA/Serum blood collection tubes.

[DYNAMIC RANGES] Age- & Gender-Specific Biological Reference Intervals: NABL-compliant reference ranges dynamically adjust to Adult Male, Adult Female, Infant, or Child. Abnormal values are instantly flagged with bold color alerts.

[AUTO-CALC] Real-Time Parameter Calculation Formulas: Built-in clinical chemistry as is formulas automatically compute derived values raw data entered. Lipid Profile calculates LDL, VLDL & Ratio; LFT calculates Globulin & A/G Ratio.

[PANIC ALERTS] Statutory Critical Panic Value Red Warnings: Flashes high-priority and < visual alarms logs critical patient warnings whenever critical life-threatening thresholds (e.g. Platelets 50,000, Glucose > 350) are breached.

[DOCTOR SIGN-OFF] Pathologist Digital Authorization & Scanned Signature: Multi-tier MD review workflow where Pathologists review technologist findings, add clinical impressions, and authorize reports with a digital signature stamp.

[QR VERIFIED] Tamper-Proof Official A4 Diagnostic Test Report (/lab/report/[id]): test Comprehensive medical report complete with NABL accreditation header, tabular findings, clinical notes, doctor signature, and a verification QR code.

[CLINICIANS] Referring Clinicians Directory & Referral Volumes (/lab/doctors): Master catalog of local referring doctors, medical council registration numbers, clinics, and monthly patient referral volumes for incentive tracking.

Pre-Configured Diagnostic Test Catalog & NABL Investigations

Apex Diagnostics is pre-seeded with 6 complete clinical test panels covering 32 distinct investigations:

* Complete Blood Count (CBC with 5-Part Differential): Hemoglobin, WBC, RBC, PCV, (50k Platelets panic alert), MCV, Neutrophils, Lymphocytes, Eosinophils, Monocytes.
* Lipid Profile Panel (Heart Health): Total Cholesterol, HDL Good Cholesterol, Serum / Triglycerides, LDL (Calculated Friedewald), VLDL, and Chol HDL Ratio.
* Liver Function Test (LFT Panel): Total Bilirubin, Direct Bilirubin, SGOT (AST), SGPT (ALT), Alkaline Phosphatase, Total Protein, Albumin, Globulin (Calculated), A/G Ratio.
* Renal / Kidney Function Test (RFT / KFT): Blood Urea, Serum Creatinine (Male: Female: 0.7-1.3, 0.6-1.1), Serum Uric Acid, and Total Serum Calcium.
* Thyroid Profile Panel: Total Triiodothyronine (T3), Total Thyroxine (T4), and TSH - Ultrasensitive (0.35 4.94 uIU/mL with critical panic alerts).
* Blood Glucose Investigations: Fasting Blood Sugar (FBS, 70-99 mg/dL) and Postprandial Blood Sugar (PPBS, <140 mg/dL) with pre-diabetes range checks.

ZionaPOS Core Technologies & Enterprise Architecture

Next-Gen AI, Statutory Compliance, Omnichannel Automation & Cloud Infrastructure

[AI OCR] Gemini AI Purchase Bill OCR Scanner

* Eliminates manual data entry by 100% using multimodal Gemini Vision OCR technology.
* Instantly extracts Supplier Name, GSTIN, Invoice Date, HSN Codes, Line Items, MRP, and Buy Rates.
* Auto-detects medicine batch numbers, manufacturing/expiry dates, and IMEI serials directly into inventory.
* Fully integrated into the Inward Purchase workflow (/inventory/purchase and /scan-purchase).

[BOOKING] Zero-Wait Multi-Tenant Customer Booking Portal

* Dedicated public booking URL for every store: https://www.zionapos.store/book/[slug] (No customer login required).
* Collision-free slot engine checks stylist schedules & existing appointments in real-time.
* Progressive Web App (PWA) prompt lets smartphone customers add the salon app to their home screen.
* 1-Tap Repeat Booking stores customer service preferences and favorite stylist for instant re-booking.
* Reception tabletop standee QR modal with 1-click direct WhatsApp booking link sharing.

[BOT] Two-Way Interactive WhatsApp Bot Webhook

* Official Meta Cloud API webhook (/api/whatsapp/webhook) with signature verification.
* Real-time customer self-service keywords: 'DUES' (balance khata), 'BILL' (last PDF invoice), 'PAY' (UPI link).
* Automated payment reminders with embedded dynamic UPI payment links and instant payment acknowledgement.

[UPI & GST] Dynamic NPCI UPI QR & Statutory GST Compliance

* Dynamic BharatQR encoded with exact invoice paise amount generated directly on 80mm/58mm thermal bills.
* Automatic GST calculation: Intra-state (CGST + SGST) vs Inter-state (IGST), B2B vs B2C, HSN/SAC summaries.
* Statutory GSTR-1 and GSTR-3B tax reports ready for direct portal e-filing.

[SECURITY] Enterprise Multi-Tenancy & Hardware Compatibility

* Complete logical tenant isolation hosted on high-performance Neon PostgreSQL serverless cloud.
* Driverless hardware support: 80mm & 58mm ESC/POS thermal printers, weighing scale barcodes, pole displays, A4 PDF.
* Granular Role-Based Access Control (RBAC): Distinct permissions for OWNER, MANAGER, CASHIER, and STAFF.
